

The AHA (Association of Helicopter Aerosports) is the specialist radio-controlled model helicopter body within the BMFA and as such we undertake a number of important duties.

We have a wealth of knowledge and experience and collectively have been building and flying these incredible machines for more years than we care to remember!

Our members are enthusiastic and passionate about model helicopters and their input is vital to ensure that we are all able to enjoy this wonderful sport in a properly controlled, regulated and safe environment. Membership only costs £15 per year. Why not join us?

WHAT WE DO:

- ◆ Promote our wonderful hobby of building, flying and operating radio-controlled model helicopters.
- ◆ Provide specialist advice and input as required to the BMFA to help improve safety and operating standards.
- ◆ Recommend updates to the model helicopter section of the BMFA members handbook to allow for new safety practices and safety checks for the latest equipment available.
- ◆ Organise and run the UK's longest running model helicopter flying event twice a year near the picturesque village of Charmouth on the stunning Jurassic coastline of Dorset
- ◆ Promote and run Scale helicopter events.
- ◆ Ensure that the helicopter community has a voice and is represented within the BMFA through the RC Power Tech Committee.
- ◆ Organise and run the BMFA Helicopter Nationals currently for Sportsman's, F3C and F3N competition classes.
- ◆ Organise and run team trial events for the selection of F3C & F3N teams to represent Great Britain at the FAI European & World Championships.

WE HAVE:

- ◆ Worked with the BMFA's Achievement Scheme on their wording to allow the use of FBL controllers in Heli A/B tests .
- ◆ Successfully lobbied to get metal rotor blades allowed by the BMFA.

You can find lots of information and updates on our Facebook, Instagram & Website
